THE NATION'S GUEST

President Dole of Hawaiian Islands Arrives in Washington.

WAS NO MILITARY DISPLAY.

Greeted at the Train by Secretary of State Sherman-McKinley Calls on the Distinguished Visitor Who Returned the Compliment—Other News From the Capital City.

WASHINGTON, Jan. 27.—The president of the Hawaiian republic arrived in Washington yesterday afternoon. Secretary Sherman and Assistant Secretary Ade were at the Baltimore and Ohio depot to welcome the distinguished guest on behalf of the government. The presidential train had been delayed by the storms and it was three hours late when it arrived.

When the train came to a stop Secretary Sherman and Mr. Ade stepped aboard and were conducted to President and Mrs. Dole. After an exchange of greetings the party left the train. Mr. Sherman offering Mrs. Dole his arm and escorted her and President Dole to the white house carriage, and the party were driven to the Arlington, where the Hawaiian president will be the nation's guest. There was no military display whatever, it being Mr. Dole's request.

Later in the afternoon President McKinley called upon President Dole at the Arlington. The call was entirely formal and did not last longer than 15 minutes. He was accompanied by Mr. Porter and Colonel Bingham, and was met by Assistant Secretary Cridler and Mr. Hatch, the Hawaiian minister, who introduced them to President Dole, Mrs. Dole and other members of the party. After a mutual exchange of courtesies President McKinley returned to the White House.

Shortly after President Dole returned the visit of President McKinley. He drove over to the white house in a magnificent appointed carriage in company with Minister Hatch and Assistant Secretary Cridler. His private secretary, Major Laika, with Major Heistand, Lieutenant Commander Phelps and Dr. Day, followed in another carriage. At the entrance to the white house the visitor was met by Colonel Bingham, and the party was led at once by him to the elevator, whence they were soon transferred to the library on the second floor. There President McKinley was in waiting and gave his guest a greeting. After a few words of general conversation, the two presidents retired to a couch in one corner of the room and spent about five minutes in consultation. It was said that this talk was purely unofficial and personal. Then the party was escorted down stairs and returned to the hotel.

It is intended that the bill to be prepared by Messrs. Mason and Butler shall supplant all measures now before the committee.

All Is Quiet at Havana.

WASHINGTON, Jan. 27.—All the advices received by the state department and the navy department from Cuba yesterday were satisfactory. General Lee reported that all was quiet and order prevailed in Havana. MONETARY CONVENTION.

Report of the Commission Is Unanimously Adopted.

INDIANAPOLIS, Jan. 27.—The monetary convention has come and gone. All day yesterday more than 300 delegates listened to speeches from the leaders extolling the work of the commission and complimentary remarks for Mr. Hugh Hanna. The committee on resolutions were ready to report early in the day, but the chairman of the convention shut it out until all who desired had had their say about commissions' work. The resolutions committee's reports concluded in part as follows:

Approving of the expressed purpose of the commission, and of its plan, we do most earnestly and cordially commend it to our fellow-citizens as worthy of their approval and adoption, and we urge upon the congress of the United States that the principles embodied by the commission in their support should be enacted into law, with the belief and expectation that the effect would be to secure a solid, substantial and stable financial system that would redound to the credit of the country, and insure a state of prosperity that cannot be achieved unless there is a system of finance, the integrity and adaptability of which cannot be questioned or gained.

Chairman Shaw asked for a rising vote after the reading of the report and every delegate was soon on his feet and the chairman announced the report of the commission was adopted unanimously. The report was not changed in any particular. The convention then adjourned.

Gold Standard For India.

LONDON, Jan. 27.—Lord George Hamilton, secretary of state for India, speaking last night at Chiswick, said he thought that during the course of the next 12 months the government might take steps to establish a gold standard for India.

EARTHQUAKE.

Helena, Ark., Gets a Shaking Up—Three Distinct Shocks.

HELENA, Ark., Jan. 27.—Last night this city was startled by a severe earthquake shock. Houses were shaken to their foundations and a succession of noises was heard that sounded like immense explosions. The people who had assembled in the Presbyterian church for prayer meeting rushed out of the church expecting the walls to tumble down upon them. There were three distinct shocks within quick succession, the first being the most severe, and the three occupying less than a half dozen seconds. They were succeeded by a trembling or shaking motion and not by the usual swaying or waving motion. Telephone messages from country points indicate that the shock was felt at many places.

Uhl of Grand Rapids was elected president of the National Federation of Musical clubs at its final meeting in Steinway hall yesterday, defeating Mrs. Theodore Sutro of New York. HOLDING OUT.

Chicago and Southeastern Strikers Refused to Return to Work.

LEBANON, Ind., Jan. 27.—General Superintendent Moore, of the Chicago and Southeastern railroad endeavored to induce the striking employees to return to work but failed. A rumor was current here that President Crawford, of Chicago, is employing men in that city to take the places vacated by the strikers. U. C. Stover, general counsel for the railroad company, is looking up evidence against the men who side-tracked the express train Monday night. The lockup of all but mail trains continues.

MINERS VICTORIOUS

Eight Hours For a Day's Work and Ten Cents Advance.

CHICAGO CONVENTION OVER.

Two Hundred Thousand Men Affected. Delegates to the Meeting Congratulate One Another Over the Outcome. Resolutions Adopted—Annual Conventions Decided Upon.

CHICAGO, Jan. 27.—The interstate joint convention of bituminous coal operators and miners has come to an end. The miners are jubilant over the results of their 10 days' session, for it means to nearly 200,000 soft coal miners an advance of 10 cents per ton and a uniform day of eight hours at uniform day wages. And the operators are congratulating one another with a victory over themselves.

The following are the resolutions adopted with but two dissenting votes: That an advance of 10 cents per ton for mining screened coal take effect in the western Pennsylvania district, Hooking valley (O.) district and Indiana bituminous district, the first day of April, 1898 and that a relative run of mine price be determined in all the districts named, by a uniform flat or Akron-shaped bar screen of 72 feet superficial area, one and one-fourth inch space between the bars; that the price of run of mine coal in Grape creek district and in the Indiana bituminous district be 40 cents per ton for the same district, based upon 66 cents in Pittsburgh thin vein district and that in Hooking valley and Indiana; that on and after April 1, 1898, the 8-hour day shall be in effect in all districts here represented; that uniform wages for day labor shall be paid the different classes of the labor in the field named; that internal differences in any of the states, both as to price and conditions, shall be referred to the states affected; that we further agree to the use of the diamond bar screen of present pattern in the block district of Indiana, with the privilege of run of mine, as may be desired by the market conditions.

The convention completed its work by naming a scale committee to consist of the national executive board of the mine workers, the district presidents and secretaries and two operators from each state to tabulate the scale and perfect all the arrangements for putting it into effect on the date set. It was determined that hereafter the miners and operators will meet in January each year to fix a scale for the 12 months beginning April 1. Pittsburgh was selected for the next annual joint convention, which will meet on the third Tuesday of January, 1899.

BURNED THEIR CAMP.

Insurgents Unable to Hold Their Position Against Spanish Cannon.

HAVANA, via Key West, Jan. 27.—General Molina, on the morning of Jan. 20, began a second attack upon the insurgent position between Boca Camarioca and Punta Maya. The insurgents were under Leader Tabarts and they stood continuous volleys until the Spanish began an artillery fire. The insurgents, being without cannon, burned their camp and made a flank movement toward the coast and the Spanish rear, obliging General Molina to abandon his position in order to avoid a rear attack and compelling him to retreat toward the coast.

The insurgents immediately divided their forces and invaded the rich zone of sugarcane, burning immense cane-fields, with incalculable loss. The military authorities here criticize General Molina for attacking the insurgent camp at Camarioca, as they consider it unimportant and the sacrifice too serious for experiment.

RAIDERS USE DYNAMITE.

Attempt Made to Destroy the Bardstown (Ky.) Turnpike Tollgate.

BARDSTOWN, Ky., Jan. 27.—Turnpike raiders attempted to dynamite the tollgate near High Grove, on the Bardstown and Louisville turnpike. Two cartridges were thrown, one of which struck a pool of water and failed to go off. The other struck the roof and bounced off, doing no damage, but badly frightening the guards. After attempting to dynamite, the raiders began firing at the guards. This was kept up for a while and the raiders finally dispersed. The mob was composed of about 40 men.

EDUCATIONAL INNOVATION.

Dancing Is Added to the Curriculum of Lombard University.

GALESBURG, Ill., Jan. 27.—A decided innovation in educational lines is an addition to the curriculum of Lombard University just announced. Dancing lessons will be given to the students weekly under the direction of a professional teacher in the new university gymnasium. The institution is coeducational. It is supported by the Universalist church and is designed largely for the education of ministers for that church.

BEATEN TO DEATH.

Postmaster of Tongawa, O. T., the Victim of a Gang of Toughs.

TONGAWA, O. T., Jan. 27.—Eli Blake, postmaster here was waylaid and beaten to death, presumably by a gang of local toughs. Blake, who was a deacon of the Baptist church, had been a leader in an attempt to drive the saloons out of Tongawa. He had been advised by letter to cease the agitation if he valued his life. The attack upon him followed the arrest of four saloon-keepers.

KENTUCKY LAWS.

Much of the Legislation of Last Year Is Void, Because of Wording.

FRANKFORT, Ky., Jan. 27.—Quite a sensation was unheated here when it was announced by Senator Bronston, from the judiciary committee, that all bills drawn to amend certain sections of the Kentucky statutes were improperly drawn, and therefore would be null and void if passed. It seems that the Kentucky statutes, as such, have never been adopted as a whole, as the law of the state, and therefore any bill proposing to amend the said statutes is proposing to amend something that is not legally in existence.

From this it necessarily follows that all bills passed at the last session, purporting to amend certain sections of the Kentucky statutes, are of no force of effect. If the bills seeking to amend had referred to the section and chapter of the original act, they would have been all right, but they did not do this.

A TRAMP'S LUCK.

Marries a Widow Worth \$50,000 at Sioux City.

SIoux CITY, Ia., Jan. 27.—After 26 years' tramp life George Somerville has married a woman worth \$50,000. His father (a New Jersey minister), educated him for the pulpit. The lad ran away at 18 and "tramped it" until nearly 40. Last month he chanced to attend services at the local Rescue mission. Among the workers that night was Mrs. Christina Olson, a well-to-do widow. Somerville's scholarly face interested her and she gave him money and induced him to seek work in town. Their acquaintance ripened, with the result that Rev. W. L. Brown of the local Methodist church united them in marriage.

A LA PARKHURST.

Philadelphia Clergymen to Commence a Crusade in the Quaker City.

PHILADELPHIA, Jan. 27.—A large body of clergymen of this city have begun a crusade against disorderly houses, concert halls and other alleged illegal resorts, after the manner of the Parkhurst reform movement in New York. Rev. Clarence H. Woolston, pastor of the First Baptist church, is authority for the statement that a series of public meetings will be held for the purpose of arousing public sentiment to what he and his associates conceive to be the necessity of insisting upon a more rigid enforcement of the laws.

BOLIVIA.

Much Excitement Reported There as to Peru's Policy.

LIMA, via Galveston, Jan. 27.—According to dispatches from Sucre, Bolivia, there is much excitement there as to the policy of Peru. The press urges the government to increase its armament and to get ready for the impending conflict, asserting the existence of a treaty between Peru and Argentina. But the existence of such a treaty is denied here in responsible quarters.

REPUBLICAN EDITORS.

Annual Meeting Held at the Denison House, Indianapolis.

INDIANAPOLIS, Jan. 27.—The Republican editorial association met this afternoon at the Denison House. There was quite an elaborate programme of subjects discussed. The meeting was well attended. All seemed to believe prosperity was here or very near it. The annual dinner will take place at 7 o'clock tonight.

SUED FOR A DIVORCE.

Wife of Senator Hanna's Son Seeking a Legal Separation.

CLEVELAND, Jan. 27.—Daniel R. Hanna, only son of Senator Hanna, has been sued by his wife, Carrie May, for divorce. The decree is asked for on the ground of gross neglect of duty and extreme cruelty. The couple were married in 1887. They have three sons, aged 9, 8 and 3 years, respectively. They separated three weeks ago and have been living apart ever since.

The Greeks were

physically perfect and beautiful because they were healthy. The man who suffers from ill-health cannot be physically robust and manly. The woman who is sickly cannot be beautiful and womanly. Most all forms of ill-health have their inception in disorders of the digestion. When the digestion is bad the blood becomes impure, and is imperfectly supplied with the food-elements that build up new and healthy tissues, and tear down old and diseased ones. Every organ, tissue, muscle and nerve in the body is half furnished for healthy nutrition. Almost any disease in the category of human ills may be the result of this condition. Most frequently it is the most deadly of disorders—consumption. Sometimes it is some other wasting disease. Again, it may be scrofula or some skin disease. There is a sure preventive and remedy for these conditions and maladies. It is Dr. Pierce's Golden Medical Discovery. It restores the lost or failing appetite and invigorates the liver. It fills the arteries with the pure, rich and blood of health. It builds new, firm, healthy, active nerve fibers, and strong elastic muscles. It cures 98 per cent. of all cases of consumption, and wasting diseases. It cures nervous prostration. Druggists sell it.

The man who is too lazy or neglectful to take an occasional dose of medicine to ward off the evil effects of constipation deserves to die. And he will surely get his deserts, for constipation is the first cause of much sickness. Dr. Pierce's Pleasant Pellets cure constipation. They never gripe. One little "Peelet" is a gentle laxative, and two a mild cathartic. All good druggists sell them. No other pills are as good.

TOOK HIS WIFE'S LIFE

Horrible Crime of a Supposed Demented Husband at St. Croix.

RUN DOWN BY A FAST TRAIN

Elwood (Ind.) Boy Strikes It Rich In the Klondike—Authorities Commence a Crusade at Hammond Against Stores Selling Tobacco to Minors—Wanted in Tacoma.

ST. CROIX, Ind., Jan. 27.—John Casey killed his wife here yesterday, beating her to death with a poker. He continued to hammer the woman until a 12-year-old girl dragged him away by the hair. Casey has lived at St. Croix since his marriage, 30 years ago and his family regarded him as somewhat demented. The murderer escaped arrest and is supposed to have gone to Louisville where he has relatives. The face and head of his unfortunate victim was literally chopped into a bloody mass with the poker. Casey is 69 years old; his wife 49.

ENFORCING THE LAW.

Storekeepers Being Prosecuted For Selling Tobacco to Minors.

HAMMOND, Ind., Jan. 27.—The authorities have begun prosecuting storekeepers and others selling tobacco to minors here. Five violators of the law enacted by the last legislature have been arrested. They entered pleas of guilty, and were assessed \$10 and costs. Twenty boys, ranging from 10 to 13 years of age, testified that cigarettes and tobacco were sold by all dealers in Hammond. The prosecution was instigated by the superintendent of public schools.

ELWOOD BOY'S LUCK.

Returns From the Alaska Gold Fields Worth \$100,000.

ELWOOD, Ind., Jan. 27.—The report that Will Benjamin, of this city, is returning from the Klondike gold fields with \$50,000 worth of nuggets, and that he has a claim for which he refused \$50,000, has caused considerable excitement here. Benjamin is only 18 years old, and went to Alaska in the summer of 1896. Benjamin has written to his relatives from Spokane confirming the report. He will return to his claim in the spring. While residing here Benjamin was almost penniless.

CHESTERFIELD, Ind., Jan. 27.—Walter Cartwright, of this place, 16 years old, is six feet, four inches tall, while Charles Thompson, 17 years old, is less than three feet in height, and weighs less than 50 pounds. Grover Allen, 4 years old, near here, weighs 100 pounds.

Suffered 20 Years.

MRS. MARY LEWIS, wife of a prominent farmer, and well known by all old residents near Belmont, N. Y., writes: "For twenty-seven years I had been a constant sufferer from nervous prostration, and paid large sums of money for doctors and advertised remedies without benefit. Three years ago my condition was alarming; the least noise would startle and annoy me. I was unable to sleep, had a number of sinking spells and slowly grew worse. I began using Dr. Miles' Restorative Nerve and Nerve and Liver Pills. At first the medicine seemed to have no effect, but after taking a few bottles I began to notice change; I rested better at night, my appetite began to improve and I rapidly grew better, until now I am as nearly restored to health as one of my age may expect. God bless Dr. Miles' Nerve."

Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on diseases of the heart and nerves free. Address, DR. MILES MEDICAL CO., Elkhart, Ind.

The speech of Congressman Overstreet before the monetary conference was one of much merit and was enthusiastically received.

The announcement of the candidacy of Charles T. Coffin as a candidate for secretary of state is received with favor by many republicans in all parts of the state. He is a good speaker, a man of ability, and an honorable one and clean in every respect.

POLITICAL BREVITIES.

Leopold Levi will most likely be a candidate again for state treasurer before the republican convention.

Charles F. Coffin has fully decided to be a candidate for secretary of state before the republican state convention.

Congressman Henry U. Johnson has announced that he will not be a candidate for re-election. This leaves practically an open field for James Eli Watson.

It has been practically settled that Senator Harry S. New will be the republican chairman of the Seventh district and that Eugene Sauley will be Marion county chairman.

John and George Setzer, of Brown county, spent Saturday and Sunday here.

Miss Effa Lucas, of Freetown, visited in the family of Joseph Lutes last week.

Because of high waters we have failed to receive any mail here for the last few days.

Jonathan Todd, formerly of this place but now of Bedford, spent last week among friends here.

The school term in this township will be very short. There will be but but ninety eight days.

Elder John M. Cross, Nineveh, came here last Friday night to attend the funeral of his brother, T. S. Cross.

Mrs. Mary Groub and family, of Illinois, came here Friday to attend the funeral of her brother, John Groub.

The J. M. Bowman store room was sold public sale Friday to Fletcher Hoover, of Maumee. Consideration \$400.

James Robertson and others, of Maumee, succeeded in capturing a red fox in the woods north of here last Friday. Jim is the champion fox hunter.

Died: John Groub died at his home about two miles north of here last Friday Jan. 21. Some time ago he unfortunately broke his leg and afterwards had an attack of typhoid fever which resulted in his death. He was a respected farmer and citizen aged about thirty-nine years. The remains were interred in the Houston cemetery last Sunday.

Again this community was shocked by the dispatch that another one of our dearly beloved citizens and brothers had passed to the great beyond. T. S. Cross, of near here, while canvassing Orange county for Tripp Bros., of North Vernon, was drowned in attempting to cross Creek Rock, near Paoli, Ind., Jan. 19. The remains were brought home last Friday by James Wheeler, of Freetown. Sherman was one of our most respected farmers and was held in high esteem by all who knew him. He was a consistent member of the Christian church at this place and will be missed in our midst. He was also a member of the K. P. lodge here and the remains were interred in the Lutes cemetery Sunday evening after the funeral services were conducted by Elder Thomas Jones, of Seymour. Sherman was thirty-two years old and leaves a wife and two children, a mother, three brothers and five sisters and a host of bereaved friends to survive him. The family have the sympathy of the entire community in this sorrowful time for it was only the 25th of last December that his father died.

Robbed the Grave.

A startling incident of which Mr. John Oliver, of Philadelphia, was the subject is narrated by him as follows: I was in a most dreadful condition. My skin was almost yellow, eyes, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately a friend advised trying "Electric Bitters" and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life and robbed the grave of another victim. No one should fail to try them. Only 50 cents per bottle at W. F. Peter, druggist.

Excursion Rates.

On account of the republican district convention at Greensburg Feb'y 1, the Big Four will give rates of one and one-third fare, good Jan 31 and Feb'y 1.

A DANGEROUS PLAYTHING.

Little Maude Eacret Blew Into a Pistol Barrel.

Yesterday afternoon the little five year-old daughter of Mr. and Mrs. Simon Eacret met with what may prove a fatal accident. She was left at the home of Miss Lena McDonald for awhile, Mrs. Eacret having gone down town.

While there she came across an old double barrel pistol. She blew into the muzzle of it, so she says, as if it were a horn. As usual it was loaded and by some means was discharged in her face. The ball or wad or whatever it was loaded with it seems to have entered the right nasal passage coming out near the eye, ranging upward, making an abrasion just above the eye and probably entering there again.

Dr. Gerrish was summoned and dressed the wound but so far has been unable to locate the ball, if the pistol was loaded with a ball. The little girl lies in a stupor, but when roused up talks about it and tells just how it happened. There was no one in the room at the time of the accident but a little three year-old sister, and it is believed by some that the two were contending with each other for possession of the firearm when it was discharged.

Just what will be the result no one seems to be able to tell at this time.

In Olden Times

People overlooked the importance of permanently beneficial effects and were satisfied with transient action; but now that it is generally known that Syrup of Figs will permanently overcome habitual constipation, well informed people will not buy other laxatives, which act for a time, but finally injure the system. Buy the genuine, made by the California Fig Syrup Co.

Old Bank Notes Recovered.

The grandchildren of Hamlin Smith, postmaster at Brownstown while rummaging in a garret, found three bank notes in an old pocket-book. Two of the notes were issued in 1818 by the branch of the old State Bank, located at Brookville. One note is of the denomination of 12 1/2 cents, and the other 6 1/2 cents; a bit and sixpence, respectively. The other note calls for \$10, and was issued by the Bank of Gallipolis, O., in 1837. The pocketbook belonged to Mr. Smith's grandfather, who has been dead for forty years.

THE NATION'S GUEST

President Dole of Hawaiian Islands Arrives in Washington.

WAS NO MILITARY DISPLAY.

Greeted at the Train by Secretary of State Sherman—McKinley Calls on the Distinguished Visitor Who Returned the Compliment—Other News From the Capital City.

WASHINGTON, Jan. 27.—The president of the Hawaiian republic arrived in Washington yesterday afternoon. Secretary Sherman and Assistant Secretary Adee were at the Baltimore and Ohio depot to welcome the distinguished guest on behalf of the government. The presidential train had been delayed by the storms and it was three hours late when it arrived.

When the train came to a stop Secretary Sherman and Mr. Adee stepped aboard and were conducted to President and Mrs. Dole. After an exchange of greetings the party left the train. Mr. Sherman offering Mrs. Dole his arm and escorted her and President Dole to the white house carriage, and the party were driven to the Arlington, where the Hawaiian president will be the nation's guest. There was no military display whatever, it being Mr. Dole's request.

Later in the afternoon President McKinley called upon President Dole at the Arlington. The call was entirely formal and did not last longer than 15 minutes. He was accompanied by Mr. Porter and Colonel Bingham, and was met by Assistant Secretary Cridler and Mr. Hatch, the Hawaiian minister, who introduced them to President Dole, Mrs. Dole and other members of the party. After a mutual exchange of courtesies President McKinley returned to the White House.

Shortly after President Dole returned the visit of President McKinley. He drove over to the white house in a magnificent appointed carriage in company with Minister Hatch and Assistant Secretary Cridler. His private secretary, Major Lauck, with Major Heistand, Lieutenant Commander Phelps and Dr. Day, followed in another carriage. At the entrance to the white house the visitor was met by Colonel Bingham, and the party was led at once by him to the elevator, whence they were soon transferred to the library on the second floor. There President McKinley was in waiting and gave his guest a greeting. After a few words of general conversation, the two presidents retired to a couch in one corner of the room and spent about five minutes in consultation. It was said that this talk was purely unofficial and personal. Then the party was escorted down stairs and returned to the hotel.

WASHINGTON, Jan. 27.—The senate committee on postoffice and postroads yesterday had under consideration the advisability of establishing a system of postal savings banks in the United States. The discussion was general and the only conclusion reached was that Senators Mason and Butler should prepare a bill which could be used as a basis for future deliberations. It is intended that the bill to be prepared by Messrs. Mason and Butler shall supplement all measures now before the committee.

MONEY CONVENTION.

Report of the Commission Is Unanimously Adopted.

INDIANAPOLIS, Jan. 27.—The monetary convention has come and gone. All day yesterday more than 300 delegates listened to speeches from the leaders extolling the work of the commission and complimentary remarks for Mr. Hugh Hanna. The committee on resolutions were ready to report early in the day, but the chairman of the convention shut it out until all who desired had had their say about commissions' work. The resolutions committee's reports concluded in part as follows:

Approving of the expressed purpose of the commission, and of its plan, we do most earnestly and cordially commend it to our fellow-citizens as worthy of their approval and adoption, and we urge upon the congress of the United States that the principles embodied by the commission in their support should be enacted into law, with the belief and expectation that the effect would be to secure a solid, substantial and stable financial system that would redound to the credit of the country, and insure a state of prosperity that cannot be achieved unless there is a system of finance, the integrity and adaptability of which cannot be questioned or gained.

Chairman Shaw asked for a rising vote after the reading of the report and every delegate was soon on his feet and the chairman announced the report of the commission was adopted unanimously. The report was not changed in any particular. The convention then adjourned.

Gold Standard For India.

LONDON, Jan. 27.—Lord George Hamilton, secretary of state for India, speaking last night at Chiswick, said he thought that during the course of the next 12 months the government might take steps to establish a gold standard for India.

EARTHQUAKE.

Helena, Ark., Gets a Shaking Up—Three Distinct Shocks.

HELENA, Ark., Jan. 27.—Last night this city was startled by a severe earthquake shock. Houses were shaken to their foundations and a succession of noises was heard that sounded like immense explosions. The people who had assembled in the Presbyterian church for prayer meeting rushed out of the church expecting the walls to tumble down upon them. There were three distinct shocks within quick succession, the first being the most severe, and the three occupying less than a half dozen seconds. They were succeeded by a trembling or shaking motion and not by the usual swaying or waving motion. Telephone messages from country points indicate that the shock was felt at many places.

Chicago and Southeastern Strikers Refused to Return to Work.

LEBANON, Ind., Jan. 27.—General Superintendent Moore, of the Chicago and Southeastern railroad endeavored to induce the striking employees to return to work but failed. A rumor was current here that President Crawford, of Chicago, is employing men in that city to take the places vacated by the strikers. U. C. Stover, general counsel for the railroad company, is looking up evidence against the men who side-tracked the express train Monday night. The lockout of all but mail trains continues.

MINERS VICTORIOUS

Eight Hours For a Day's Work and Ten Cents Advance.

CHICAGO CONVENTION OVER.

Two Hundred Thousand Men Affected. Delegates to the Meeting Congratulate One Another Over the Outcome. Resolutions Adopted—Annual Conventions Decided Upon.

CHICAGO, Jan. 27.—The interstate joint convention of bituminous coal operators and miners has come to an end. The miners are jubilant over the results of their 10 days' session, for it means to nearly 200,000 soft coal miners an advance of 10 cents per ton and a uniform day of eight hours at uniform day wages. And the operators are congratulating one another with a victory over themselves.

The following are the resolutions adopted with but two dissenting votes: That an advance of 10 cents per ton for mining screened coal take effect in the western Pennsylvania district, Hooking valley (O.) district and Indiana bituminous district, the first day of April, 1898, and that a relative run of nine price be determined in all the districts named, by a uniform flat or Akron-shaped bar, screen of 72 feet superficial area, one and one-fourth inch space between the bars; that the price of run of mine coal in Grape creek district and in the Indiana bituminous district be 40 cents per ton for the same district, based upon 66 cents in Pittsburgh thin vein district and that in Hooking valley and Indiana; that on and after April 1, 1898, the 8-hour day shall be in effect in all districts here represented; that uniform wages for day labor shall be paid the different classes of the labor in the field named; that internal differences in any of the states, both as to price and conditions, shall be referred to the states affected; that we further agree to the use of the diamond bar screen of present pattern in the block district of Indiana, with the privilege of run of mine, as may be desired by the market conditions.

The convention completed its work by naming a scale committee to consist of the national executive board of the nine workers, the district presidents and secretaries and two operators from each state to tabulate the scale and perfect all the arrangements for putting it into effect on the date set. It was determined that hereafter the miners and operators will meet in January each year to fix a scale for the 12 months beginning April 1. Pittsburgh was selected for the next annual joint convention, which will meet on the third Tuesday of January, 1899.

BURNED THEIR CAMP.

Insurgents Unable to Hold Their Position Against Spanish Cannon.

HAVANA, via Key West, Jan. 27.—General Molina, on the morning of Jan. 20, began a second attack upon the insurgent position between Boca Camarico and Punta Maya. The insurgents were under Leader Tabares and they stood continuous volleys until the Spanish began an artillery fire. The insurgents, being without cannon, burned their camp and made a flank movement toward the coast and the Spanish rear, obliging General Molina to abandon his position in order to avoid a rear attack and compelling him to retreat toward the coast.

RAIDERS USE DYNAMITE.

Attempt Made to Destroy the Bardstown (Ky.) Turnpike Tollgate.

BARDSTOWN, Ky., Jan. 27.—Turnpike raiders attempted to dynamite the tollgate near High Grove, on the Bardstown and Louisville turnpike. Two cartridges were thrown, one of which struck a pool of water and failed to go off. The other struck the roof and bounced off, doing no damage, but badly frightening the guards. After attempting to dynamite, the raiders began firing at the guards. This was kept up for a while and the raiders finally dispersed. The mob was composed of about 40 men.

EDUCATIONAL INNOVATION.

Dancing Is Added to the Curriculum of Lombard University.

GALESBURG, Ill., Jan. 27.—A decided innovation in educational lines is an addition to the curriculum of Lombard University just announced. Dancing lessons will be given to the students weekly under the direction of a professional teacher in the new university gymnasium. The institution is coeducational. It is supported by the Universalist church and is designed largely for the education of ministers for that church.

BEATEN TO DEATH.

Postmaster of Tongawa, O. T., the Victim of a Gang of Toughs.

TONGAWA, O. T., Jan. 27.—Eli Blake, postmaster here was waylaid and beaten to death, presumably by a gang of local toughs. Blake, who was a deacon of the Baptist church, had been a leader in an attempt to drive the saloons out of Tongawa. He had been advised by letter to cease the agitation if he valued his life. The attack upon him followed the arrest of four saloon-keepers.

KENTUCKY LAWS.

Much of the Legislation of Last Year Is Void, Because of Wording.

FRANKFORT, Ky., Jan. 27.—Quite a sensation was unearched here when it was announced by Senator Bronston, from the judiciary committee, that all bills drawn to amend certain sections of the Kentucky statutes were improperly drawn, and therefore would be null and void if passed. It seems that the Kentucky statutes, as such, have never been adopted as a whole, as the law of the state, and therefore any bill proposing to amend the said statutes is proposing to amend something that is not legally in existence.

From this it necessarily follows that all bills passed at the last session, purporting to amend certain sections of the Kentucky statutes, are of no force of effect. If the bills seeking to amend had referred to the section and chapter of the original act, they would have been all right, but they did not do this.

A TRAMP'S LUCK.

Marries a Widow Worth \$50,000 at Sioux City.

SIoux CITY, Ia., Jan. 27.—After 26 years' tramp life George Somerville has married a woman worth \$50,000. His father (a New Jersey minister), educated him for the pulpit. The lad ran away at 18 and "tramped it" until nearly 40. Last month he chanced to attend services at the local Rescue mission. Among the workers that night was Mrs. Christina Olson, a well-to-do widow. Somerville's scholarly face interested her and she gave him money and induced him to seek work in town. Their acquaintance ripened, with the result that Rev. W. L. Brown of the local Methodist church united them in marriage.

A LA PARKHURST.

Philadelphia Clergymen to Commence a Crusade in the Quaker City.

PHILADELPHIA, Jan. 27.—A large body of clergymen of this city have begun a crusade against disorderly houses, concert halls and other alleged illegal resorts, after the manner of the Parkhurst reform movement in New York. Rev. Clarence H. Woolston, pastor of the First Baptist church, is authority for the statement that a series of public meetings will be held for the purpose of arousing public sentiment to what he and his associates conceive to be the necessity of insisting upon a more rigid enforcement of the laws.

BOLIVIA.

Much Excitement Reported There as to Peru's Policy.

LIMA, via Galveston, Jan. 27.—According to dispatches from Sucre, Bolivia, there is much excitement there as to the policy of Peru. The press urges the government to increase its armament and to get ready for the impending conflict, asserting the existence of a treaty between Peru and Argentina. But the existence of such a treaty is denied here in responsible quarters.

REPUBLICAN EDITORS.

INDIANAPOLIS, Jan. 27.—The Republican Editorial association met this afternoon at the Denison House. There was quite an elaborate programme of subjects discussed. The meeting was well attended. SUED FOR A DIVORCE.

Wife of Senator Hanna's Son Seeking a Legal Separation.

CLEVELAND, Jan. 27.—Daniel R. Hanna, only son of Senator Hanna, has been sued by his wife, Carrie May, for divorce. The decree is asked for on the ground of gross neglect of duty and extreme cruelty. The couple were married in 1887. They have three sons, aged 9, 8 and 3 years, respectively. They separated three weeks ago and have been living apart ever since.

The Greeks were

physically perfect and beautiful because they were healthy. The man who suffers from ill-health cannot be physically robust and manly. The woman who is sickly cannot be beautiful and womanly. Most all forms of ill-health have their inception in disorders of the digestion. When the digestion is bad the blood becomes impure, and is imperfectly supplied with the food-elements that build up new and healthy tissues, and tear down the old and carry away those that are inert and half-dead. The nerves are not rebuilt from day to day with new, vigorous, active fibers. Every organ, tissue, muscle and nerve in the body is half furnished for healthy nutrition. Almost any disease in the category of human ills may be the result of this condition. Most frequently it is the most deadly of disorders—consumption. Sometimes it is some other wasting disease. Again, it may be scrofula or some skin disease. There is a sure preventive and remedy for these conditions and maladies. It is Dr. Pierce's Golden Medical Discovery. It corrects all disorders of the digestion. It restores the lost or falling appetite and invigorates the liver. It fills the arteries with the pure, rich, red blood of health. It builds new, firm, elastic, healthy, active nerve fibers, and strong elastic muscles. It cures 98 per cent. of all cases of consumption, and wasting diseases. It cures nervous prostration. Druggists sell it.

The man who is too lazy or neglectful to take an occasional dose of medicine to ward off the evil effects of constipation deserves to die. And he will surely get his deserts, for constipation is the first cause of much sickness. Dr. Pierce's Pleasant Pellets cure constipation. They never gripe. One little "Pellet" is a gentle laxative, and two a mild cathartic. A good druggist will sell them. See what pills are as good.

TOOK HIS WIFE'S LIFE

Horrible Crime of a Supposed Demented Husband at St. Croix.

RUN DOWN BY A FAST TRAIN

Elwood (Ind.) Boy Strikes It Rich in the Klondike—Authorities Commence a Crusade at Hammond Against Stores Selling Tobacco to Minors—Wanted in Tacoma.

ST. CROIX, Ind., Jan. 27.—John Casey killed his wife here yesterday, beating her to death with a poker. He continued to hammer the woman until a 12-year-old girl dragged him away by the hair. He then chased the girl, but before he could secure an ax she had secreted herself, two men finally appearing upon the scene. Casey has lived at St. Croix since his marriage, 30 years ago and his family regarded him as somewhat demented. The murderer escaped arrest and is supposed to have gone to Louisville where he has relatives. The face and head of his unfortunate victim was literally chopped into a bloody mass with the poker. Casey is 69 years old; his wife 49.

ENFORCING THE LAW.

Storekeepers Being Prosecuted For Selling Tobacco to Minors.

HAMMOND, Ind., Jan. 27.—The authorities have begun prosecuting storekeepers and others selling tobacco to minors here. Five violators of the law enacted by the last legislature have been arrested. They entered pleas of guilty, and were assessed \$10 and costs. Twenty boys, ranging from 10 to 12 years of age, testified that cigarettes and tobacco were sold by all dealers in Hammond. The prosecution was instigated by the superintendent of public schools.

ELWOOD BOY'S LUCK.

Returns From the Alaska Gold Fields Worth \$100,000.

ELWOOD, Ind., Jan. 27.—The report that Will Benjamin, of this city, is returning from the Klondike gold fields with \$50,000 worth of nuggets, and that he has a claim for which he refused \$50,000, has caused considerable excitement here. Benjamin is only 18 years old, and went to Alaska in the summer of 1896. Benjamin has written to his relatives from Spokane confirming the report. He will return to his claim in the spring. While residing here Benjamin was almost penniless.

Alleged Forger Arrested.

TERRE HAUTE, Ind., Jan. 27.—Oscar Brader, charged with passing forged checks here and at Louisville, has been arrested at Gallien, Mich. At Louisville, it is alleged he gave the name of A. Miller. He pretends to represent the D. H. Baldwin music house as a tuner.

Three Remarkable Boys.

CHESTERFIELD, Ind., Jan. 27.—Walter Cartwright, of this place, 16 years old, is six feet, four inches tall, while Charles Thompson, 17 years old, is less than three feet in height, and weighs less than 50 pounds. Grover Allen, 4 years old, near here, weighs 100 pounds.

Held Up by Masked Men.

Suffered 20 Years.

MRS. MARY LEWIS, wife of a prominent farmer, and well known by all old residents near Belmont, N. Y., writes: "For twenty-seven years I had been a constant sufferer from nervous prostration, and paid large sums of money for doctors and advertised remedies without benefit. Three years ago my condition was alarming; the least noise would startle and enrage me. I was unable to sleep, had a number of sinking spells and slowly grew worse. I began using Dr. Miles' Restorative Nervine and Nerve and Liver Pills. At first the medicine seemed to have no effect, but after taking a few bottles I began to notice change. I rested better at night, my appetite began to improve and I rapidly grew better, until now I am as nearly restored to health as one of my age may expect. God bless Dr. Miles' Nervine." Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on diseases of the heart and nerves free. Address, DR. POLITICAL BREVITIES.

Leopold Leyl will most likely be a candidate again for state treasurer before the republican convention.

Charles F. Coffin has fully decided to be a candidate for secretary of state before the republican state convention.

Congressman Henry U. Johnson has announced that he will not be a candidate for re-election. This leaves practically an open field for James Eli Watson.

It has been practically settled that Senator Harry S. New will be the republican chairman of the Seventh district and that Eugene Sauley will be Marion county chairman.

John and George Setzer, of Brown county, spent Saturday and Sunday here.

Miss Eda Lucas, of Freetown, visited in the family of Joseph Lutes last week.

Because of high waters we have failed to receive any mail here for the last few days.

Jonathan Todd, formerly of this place but now of Bedford, spent last week among friends here.

The school term in this township will be very short. There will be but but ninety eight days.

Elder John M. Cross, Nineveh, came here last Friday night to attend the funeral of his brother, T. S. Cross.

Mrs. Mary Groub and family, of Illinois, came here Friday to attend the funeral of her brother, John Groub.

The J. M. Bowman store room was sold public sale Friday to Fletcher Hoover, of Maumee. Consideration \$400.

James Robertson and others, of Maumee, succeeded in capturing a red fox in the woods north of here last Friday. Jim is the champion fox hunter.

Died: John Groub died at his home about two miles north of here last Friday Jan. 21. Some time ago he unfortunately broke his leg and afterwards had an attack of typhoid fever which resulted in his death. He was a respected farmer and citizen aged about thirty-nine years. The remains were interred in the Houston cemetery last Sunday.

Again this community was shocked by the dispatch that another one of our dearly beloved citizens and brothers had passed to the great beyond. T. S. Cross, of near here, while canvassing Orange county for Tripp Bros., of North Vernon, was drowned in attempting to cross Lick Creek, near Paoli, Ind., Jan. 19. The remains were brought home last Friday by James Wheeler, of Freetown. Sherman was one of our most respected farmers and was held in high esteem by all who knew him. He was a consistent member of the Christian church at this place and will be missed in our midst. He was also a member of the K. P. lodge here and the remains were interred in the Lutes cemetery Sunday evening after the funeral services were conducted by Elder Thomas Jones, of Seymour. Sherman was thirty-two years old and leaves a wife and two children, a mother, three brothers and five sisters and a host of bereaved friends to survive him. The family have the sympathy of the entire community in this sorrowful time for it was only the 25th of last December that his father died.

Robbed the Grave.

A startling incident of which Mr. John Oliver, of Philadelphia, was the subject is narrated by him as follows: I was in a most dreadful condition. My skin was almost yellow, eyes, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately a friend advised trying "Electric Bitters" and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life and robbed the grave of another victim. No one should fail to try them. Only 50 cents per bottle at W. F. Peter, druggist.

A DANGEROUS PLAYTHING.

Little Maude Esaret Blew Into a Pistol Barrel.

Yesterday afternoon the little five year-old daughter of Mr. and Mrs. Simon Esaret met with what may prove a fatal accident. She was left at the home of Miss Lena McDonald for awhile, Mrs. Esaret having gone down town.

While there she came across an old double barrel pistol. She blew into the muzzle of it, so she says, as if it were a horn. As usual it was loaded and by some means was discharged in her face. The ball or wad or whatever it was loaded with it seems to have entered the right nasal passage coming out near the eye, ranging upward, making an abrasion just above the eye and probably entering there again.

Dr. Gerrish was summoned and dressed the wound but so far has been unable to locate the ball, if the pistol was loaded with a ball. The little girl lies in a stupor, but when roused up talks about it and tells just how it happened. There was no one in the room at the time of the accident but a little three year-old sister, and it is believed by some that the two were contending with each other for possession of the firearm when it was discharged.

Just what will be the result no one seems to be able to tell at this time.

Old Bank Notes Recovered.

The grandchildren of Hamlin Smith, postmaster at Brownstown while rummaging in a garret, found three bank notes in an old pocket-book. Two of the notes were issued in 1818 by the branch of the old State Bank, located at Brookville. One note is of the denomination of 12 1/2 cents, and the other 64 cents; a bit and sixpence, respectively. The other note calls for \$10, and was issued by the Bank of Gallipolis, O., in 1837. The pocketbook belonged to Mr. Smith's grandfather, who has been dead for forty years.

MRS. MARY LEWIS, wife of a prominent farmer, and well known by all old residents near Belmont, N. Three years ago my condition was alarming; the least noise would startle and annoy me. I was unable to sleep, had a number of sinking spells and slowly grew worse. I began using Dr. Miles' Restorative Nervine and Nerve and Liver Pills. At first the medicine seemed to have no effect, but after taking a few bottles I began to notice change. I rested better at night, my appetite began to improve and I rapidly grew better, until now I am as nearly restored to health as one of my age may expect. God bless Dr. Miles' Nervine."

Mrs. Mary Groub and family, of Illinois, came here Friday to attend the funeral of her brother, John Groub.

The J. M. Bowman store room was sold public sale Friday to Fletcher Hoover, of Maumee. Consideration \$400.

James Robertson and others, of Maumee, succeeded in capturing a red fox in the woods north of here last Friday. Jim is the champion fox hunter.

Died: John Groub died at his home about two miles north of here last Friday Jan. 21. Some time ago he unfortunately broke his leg and afterwards had an attack of typhoid fever which resulted in his death. He was a respected farmer and citizen aged about thirty-nine years. The remains were interred in the Houston cemetery last Sunday.

Again this community was shocked by the dispatch that another one of our dearly beloved citizens and brothers had passed to the great beyond. T. S. Cross, of near here, while canvassing Orange county for Tripp Bros., of North Vernon, was drowned in attempting to cross Lick Creek, near Paoli, Ind., Jan. 19. The remains were brought home last Friday by James Wheeler, of Freetown. Sherman was one of our most respected farmers and was held in high esteem by all who knew him. He was a consistent member of the Christian church at this place and will be missed in our midst. He was also a member of the K. P. lodge here and the remains were interred in the Lutes cemetery Sunday evening after the funeral services were conducted by Elder Thomas Jones, of Seymour. Sherman was thirty-two years old and leaves a wife and two children, a mother, three brothers and five sisters and a host of bereaved friends to survive him. The family have the sympathy of the entire community in this sorrowful time for it was only the 25th of last December that his father died.

Robbed the Grave.

A startling incident of which Mr. John Oliver, of Philadelphia, was the subject is narrated by him as follows: I was in a most dreadful condition. My skin was almost yellow, eyes, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately a friend advised trying "Electric Bitters" and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life and robbed the grave of another victim. "No one should fail to try them. Only 50 cents per bottle at W. F. Peter, druggist.

A DANGEROUS PLAYTHING.

Little Maude Eacret Blew Into a Pistol Barrel.

Yesterday afternoon the little five year-old daughter of Mr. and Mrs. Simon Eacret met with what may prove a fatal accident. She was left at the home of Miss Lena McDonald for awhile, Mrs. Eacret laying gone down town.

While there she came across an old double barrel pistol. She blew into the muzzle of it, so she says, as if it were a horn. As usual it was loaded and by some means was discharged in her face. The ball or wad or whatever it was loaded with it seems to have entered the right nasal passage coming out near the eye, ranging upward, making an abrasion just above the eye and probably entering there again.

Dr. Gerrish was summoned and dressed the wound but so far has been unable to locate the ball, if the pistol was loaded with a ball. The little girl lies in a stupor, but when roused up talks about it and tells just how it happened. There was no one in the room at the time of the accident but a little three year-old sister, and it is believed by some that the two were contending with each other for possession of the firearm when it was discharged.

Just what will be the result no one seems to be able to tell at this time.

People overlooked the importance of permanently beneficial effects and were satisfied with transient action; but now that it is generally known that Syrup of Figs will permanently overcome habitual constipation, well informed people will not buy other laxatives, which act for a time, but finally injure the system. Old Bank Notes Recovered.

The grandchildren of Hamlin Smith, postmaster at Brownstown while rummaging in a garret, found three bank notes in an old pocket-book. Two of the notes were issued in 1818 by the branch of the old State Bank, located at Brookville. One note is of the denomination of 12 1/2 cents, and the other 6 1/2 cents; a bit and sixpence, respectively. The other note calls for \$10, and was issued by the Bank of Gallipolis, O., in 1837. The pocketbook belonged to Mr. Smith's grandfather, who has been dead for forty years.

THE BOER AT HOME.

He Does Not Hate All Englishmen, Only Some of Them.

Bryant Lindley met a Boer and asked the way. He received a surly answer which amounted to "Go to the devil!" Upon this he protested angrily. At length the Boer shouted, "What's your name anyway?" and when he heard it his manner altered at once, and he exclaimed, "What are you the son of the great American missionary Daniel Lindley?" My friend gladly pleaded guilty to this charge, and the surly Boer became at once the most hospitable friend and begged forgiveness for his rudeness. As they rode together toward the road which my friend was seeking the Boer recounted with grateful satisfaction the many good deeds performed by the elder Lindley, but of them all the best to him was that represented by a sound thrashing he had once received at the hands of this venerable missionary. For it appeared that this particular Boer in his youth had been sent to a school taught by Lindley; that the Dutchman was noted for his size and strength and had bragged of his capacity to down the teacher, and had actually sought the opportunity by refusing obedience. But he soon learned that he had made a gross mistake, for this particular missionary was also a noted athlete and gave him such a hiding with a bullock whip that the young giant roared for mercy before the whole school. And for this and similar deeds the Boers loved the elder Lindley, and this particular Boer venerated his memory.

On the evening in question, when the two men were about to part, the Boer, who had been so unkind at first, begged Lindley, with tears in his eyes, to grant him a great favor for the sake of his conscience. "Your father," said he, "did me a service so great that I can never repay it—he gave me the worst thrashing I ever had—he saved my character, and I am a better man today, thanks to him."

My friend cheerfully promised to grant the request, puzzling his head as to what was going to be required of him. The Boer was mounted upon an excellent horse, which he prized beyond anything he owned. He dismounted, put the reins in Lindley's hand and then ran away into the black forest as though the devil were after him. Here was no Indian giving. This Boer had put it out of the power of the American to discover the name or whereabouts of the strange giver.

It is a story typical of the Boer and serves to illustrate many apparent contradictions in his nature. He does not hate Englishmen in general. He hates only those who seem to threaten his peculiar quality of independence. "The Dutch Feeling Toward England," by Poulton Bigelow, in Harper's Magazine.

ONE OF TWO WAYS.

The bladder was created for one purpose, namely, a receptacle for the urine, and as such it is not liable to any form of disease except by one of two ways. The first way is from imperfect action of the kidneys. The second way is from careless local treatment of other diseases.

CHIEF CAUSE.

Unhealthy urine from unhealthy kidneys is the chief cause of bladder troubles. So the woman, like the bladder, was created for one purpose, and if not doctored too much is not liable to weakness or disease, except in rare cases. It is situated back of and very close to the bladder, therefore any pain, disease or inconvenience manifested in the kidneys, back, bladder or urinary passage is often, by mistake, attributed to some sort. The error is easily made and may be as easily avoided. To find out correctly, set your urine aside for twenty-four hours; sediment or settling indicates kidney or bladder trouble. The mild and the extraordinary effect of Dr. Kilmer's Swamp Root, the great kidney and bladder remedy is soon realized. If you need any medicine you should have the best. At druggists fifty cents and one dollar. You may have a sample bottle and pamphlet, both sent free by mail. Mention the REPUBLICAN and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietors of this paper guarantee its nineness of this offer.

I cannot say enough for its merits. Dr. King's New Discovery for Consumption, Coughs and Colds is not an experiment. It has been tried for a quarter of a century and today stands at the head. MARRIED.

Mr. Louis Schulte and Miss Amelia Mellencamp, of Delaware, were united in marriage Thursday January 27, 1898 at her home. The bride is a daughter of Fred Mellencamp, of Hamilton township, who with his daughter, Miss Carrie, were present.

If you eat what you like, and digest it, you will surely be strong and healthy. But if you don't digest it, you might almost as well not eat, for what good can your food do you if it doesn't nourish you?

If you find that you can't digest it, there is a simple help for your stomach. It is Shaker Digestive Cordial, made by the Shakers of Mount Lebanon. It has never failed to cure the worst case of indigestion.

Strength and health come from the food you eat, after it has been digested and has gone into the blood.

The best tonic is digested food. The best aid to digestion, Shaker Digestive Cordial.

When you have acid cructions, nausea, headache, wind, dizziness, offensive breath, or any other symptoms of dyspepsia, Shaker Digestive Cordial will cure you.

THE DREADED CONSUMPTION

T. A. Slocum, M. C., the Great Chemist and Scientist Will Send Free, to the Afflicted, Three H. H. Slocum's New Discovery for Consumed Remedies to Cure Consumption and All Lung Troubles.

Nothing could be fairer, more philanthropic or carry more joy to the afflicted, than the offer of T. A. Slocum, M. C., of 183 Pearl St., New York City.

Confident that he has discovered an absolute cure for consumption and all pulmonary complaints, and to make its great merits known, he will send, free, three bottles of medicine, to any reader of the Seymour Republican who is suffering from chest, bronchial, throat and lung troubles or consumption.

Already this "new scientific cure of medicine" has permanently cured thousands of apparently hopeless cases.

The Doctor considers it his religious duty—a duty which he owes to humanity—to donate his infallible cure.

Offered freely, is enough to commend it, and more so is the perfect confidence of the great chemist making the proposition.

He has proved the dreaded consumption to be a curable disease beyond any doubt.

There will be no mistake in sending—the mistake will be in overlooking the generous invitation. He has on file in his American and European laboratories testimonial of experience from those cured, in all parts of the world.

Don't delay until it is too late. Address T. A. Slocum, M. C., 98 Pine Street, New York, and when writing the Doctor, please give express and post-office address, and mention reading this article in the Seymour Republican.

Success in "Striking" Titles.

The value of a striking title to an article or story is understood by no periodical so well as the Ladies' Home Journal, writes a New York correspondent. It has made its titles famous by their uniqueness. Its "Side Talks With Girls," "Heart to Heart Talks" and "Unknown Wives of Well-Known Men" have been ridiculed and paraphrased from one end of the country to the other. But it has all been grist to the Philadelphia periodical. Just now the title of "The Inner Experiences of a Cabinet Member's Wife" is attracting attention. "The Men I Never Married" is tacked to a new series, "The Man Under Thirty-five" made the reputation of Lillian Bell in this magazine. Talk about cleverness in titles, what magazine is such a past-master in the art as is the Ladies' Home Journal.

"I take pleasure in recommending Chamberlain's Colic, Cholera and Diarrhoea Remedy to all who suffer from pains in the stomach," says Mr. Milt McKinley, editor of the Rayson (Ohio) Herald. "Until I used this remedy it was, at times, impossible for me to be in my office, owing to attacks lasting from one to two days. By taking it as soon as the first symptoms of the attack are felt, I no longer suffer this unpleasant sickness." For sale by C. W. Milbous.

THE MANIAC IN THE CAR

A Drama With a Satisfactory Ending For All but the Nervous Woman.

It was perfectly obvious that the man in the corner was crazy. At least it was perfectly obvious to the nervous looking woman who sat just opposite him in the cable car. It was not so much the mystical series of wiggling signals which he was making with his handkerchief as the amazing contortions of his face. In the intervals of these contortions he stared intently in the direction of his nervous vis-a-vis, but at nothing in the world, so vague was his look. Then he would tap the bridge of his nose with his finger, grimace and screw up his features into horrible expressions of malignant madness.

The poor woman didn't know what to do. Her alarm was so apparent that all the others in the car noticed it, even the man himself in one of his lucid intervals, and thereafter his performances became more violent than ever. Every physician knows that maniacs delight in playing upon the terrors of those who exhibit fear of them. Perhaps the woman herself knew it. At any rate her feelings finally reached an intensity such that when the man half rose from his seat she sprang into her corner with a stifled squeak, which brought from him a glance of triumph, or perhaps it was surprise. But he only sank back again, with an expression of disappointment, as if his time had not yet come, which indeed it hadn't. Thereafter she held herself gathered close, with every muscle strained, ready to spring and flee. She didn't have long to wait.

The man looked toward her with that terrible, unseeing glare. His fists clinched. The handkerchief clinched in one of them jerked in short, sharp oscillations. His eyes began to bulge out. His face became purple. Beneath his curling lips could be seen his teeth, bare to the gums. He leaned forward toward the horror struck woman, his face protruding almost into hers. His sharp, hot breath was on her cheek, and just as his arms went up to clutch she made one bound from her seat that took her half way down the car.

Two more leaps landed her on the platform. Thence, with a mad yell, she launched herself forth, despite the restraining grasp of the alarmed conductor, and was fortunately caught by a policeman, who escorted her to the sidewalk, where she wept. From behind she heard a mad, gasping roar of baffled rage, but the maniac did not follow.

He didn't want to. He sank back in his seat again and wiped his tearful eyes. Then he took out a newspaper and began to read. It had been a hard struggle, but it had ended in victory. He had got that sneeze out.—New York Sun

FOR AN OCEAN VOYAGE.

Take Only Half the Clothes You Think You Will Need.

"Take only half the clothing that you think you will need for an ocean voyage and do not attempt to have a small trunk in your stateroom," writes Emma M. Hooper in The Ladies' Home Journal. "Have in your largest shawl strap a traveling rug, heavy wrap—a golf cape is excellent—sun umbrella, rubbers, small cushion to tie on the back of your deck chair, a warm dress of plain design, and a flannel wrapper to use as a nightgown. Wear a chamois pocket well secured with a tape about the waist for your letter of credit, jewelry, money, etc."

"In a large traveling bag place a change of underwear, hose, bedroom slippers and needed toilet articles, with which include a small hot water bag, bottle of salts, vasoline, box of cathartic pills and bottle of camphor. Do not forget a comfortable cloth steamer cap and a gauze veil if you are afraid of a little sunburn. Wear a jacket suit of mixed cheviot or serge and a silk waist on board. After starting put on the old gown and lounge in it until you land, when it can be given to a stewardess. Some travelers try to dress for dinner and carry a steamer trunk filled with silk waists and fancy neckwear, but for an eight day journey this is poor taste and a lot of trouble. Others have the small trunk in the cabin, and before landing pack the things in it that are to be used only on the return voyage, and send it to the ship company's office until their return. It must be remembered that 30 pounds of baggage is the average weight allowed free on the continent. Warm wraps and woolen underwear are necessary at all seasons going across the Atlantic."
